1	22/10/25	Cyber Security Awareness Month	I st BSc computer science	44
2	29/11/25	National Security Day	I st BSc computer science	44

DEPARTMENT OF COMPUTER SCIENCE

Name of the activity	Cyber Security Awareness Month
Date of activity	22.10.2025
No.of Participants	II B.Sc. Computer Science students-44
Outcome of the activity	The Cyber Security Awareness Month activities increased students' and staff's understanding of key cybersecurity concepts, including safe online practices, data protection, and threat prevention. Participants learned to identify cyber threats such as phishing, malware, and ransomware, and were made aware of strategies to secure personal and organizational information. The activity promoted a culture of digital safety, responsible internet usage, and strengthened participants' ability to protect themselves and their systems from cyber risks.

DEPARTMENT OF COMPUTER SCIENCE

Name of the activity	National Security Day
Date of activity	29.11.2025
No. of Participants	I B.Sc. Computer Science students-44
Outcome of the activity	The National Security Day activities helped students develop awareness about the importance of national security and the role of defense forces, intelligence agencies, and citizens in protecting the nation. Participants learned about strategies to ensure internal and external security, the significance of vigilance, and the impact of cyber and physical threats on national safety. The activity fostered a sense of patriotism, responsibility, and proactive involvement in supporting the security and well-being of the country..
