Activity Report

Career Guidance cell

Date: 01-04-2026.

Title: Career Guidance on Opportunities in Physics

Resource Person: Sri. K. Venkanna

Introduction:

An activity on “Career Guidance: Opportunities in Physics” was conducted to create awareness among students about various career paths available in the field of physics. The session was led by sri. K. Venkanna, who shared valuable insights and guidance.

Objective:

The main objective of the program was to help students understand the diverse career opportunities in physics and to motivate them to pursue higher studies and research in the field.

Description of the Activity:

During the session, Sri. K. Venkanna explained different career options such as research scientist, lecturer, astrophysicist, data analyst, and opportunities in government and private sectors. He also discussed emerging fields like quantum computing, space research, and renewable energy. The speaker highlighted the importance of strong fundamentals, skill development, and higher education for achieving success in physics-related careers.

Student Participation:

Students actively participated in the session by asking questions and interacting with the resource person. The session was informative and engaging, helping students clarify their doubts about career choices.

Outcome of the Activity:

The activity enhanced students’ awareness of career opportunities in physics and inspired them to explore advanced studies and research. It also helped them understand the skills and qualifications required for building a successful career in this field.
